

## Display Coordinates

<b>1. Add module for infoWindow</b>
<code>"esri/dijit/InfoWindow",</code>
<b>2. Add function for infoWindow</b>
<code>InfoWindow,</code>
<b>3. Set infoWindow title and contents</b>
<code>map.infoWindow.setTitle("Your Coordinates");</code> <code>map.infoWindow.setContent("lon/lat : " + event.mapPoint.x + "/" + event.mapPoint.y);</code>
<b>4. Display infoWindow</b>
<code>map.infoWindow.show(event.screenPoint, map.getInfoWindowAnchor(event.screenPoint));</code>
